

## **SYSTEM AND METHOD FOR AUTOMATED ACCESS OF A NETWORK PAGE**

5

### **ABSTRACT OF THE DISCLOSURE**

Various systems, methods, and programs embodied in computer readable medium are provided to facilitate automated data access for online printing. In one embodiment, an automated data access method is provided that comprises the steps of identifying a content item to be accessed for a publication, identifying an event sequence associated with the content item that is employed to access the content item, and reproducing the events of the event sequence to obtain access to the content item.
